Web Developer

Professional Profile: Full Stack Web Developer with experience in JavaScript and HTML/CSS, as well as technologies such as React and Node.js. Passionate about developing creative applications that deliver engaging and innovative user experiences while applying best practices such as clean code and scalability.

Technical Skills

JavaScript | HTML | CSS | React | Node.js | Express.js | MySQL
Git | GitHub | REST APIs | Responsive Design | BEM

Projects

Web Project Around | TripleTen (2025)

- Implemented a complete authentication system (registration and login) with form validation and visual notifications, improving user interaction.
- Developed profile management and dynamic content functionalities, including personal information editing and card creation in a shared environment.
- Integrated interactive visualization through popups to enhance user experience in image exploration.
- Achievement or impact: Development of a full stack application with user management, data persistence, and a focus on user experience.

Technologies used: HTML, CSS, JavaScript, React, Node.js, Express.js, MySQL

News Explorer App | TripleTen (2026)

- Implemented a dynamic search engine connected to a news API, allowing users to get real-time results based on their interests.
- Created state management logic to manage saved user articles, enhancing user experience personalization.
- Implemented access control to restrict functionalities to authenticated users.
- Achievement or impact: Development of a full stack application with external API consumption, user management, and data persistence.

Technologies used: HTML, CSS, JavaScript, React, Node.js, Express.js, MongoDB

Professional Experience

Diamond's Nice | Operations and Sales | Mexico

06/2023 – Present

An Independent retail business focused on the selection, acquisition, and sale of high-demand products in bazaars and local points of sale.

- Identified sales opportunities through analysis of trends on digital platforms, as well as price comparison for acquisition and sale at the establishment.
- Managed the complete inventory cycle (purchase, reception, classification, and sale), optimizing product availability and turnover.
- Applied pricing and discount strategies based on demand and seasonality.
- Coordinated distribution logistics and setup at bazaar locations, ensuring efficient product display.
- Provided direct customer service, driving sales by addressing customer needs.
